

Mitre Saw

PCM 1800 SD

Clear and precise cutting

[Go to product](#)

Key product features

- Powerful 1800 watt motor with 4,500 rpm for versatile applications
- Well-engineered torsion bar spring for effortless cuts
- Robust die-cast aluminium gearbox housing with matching gearbox for effortless cuts in wood and aluminium
- Vibration Control auxiliary handle with softgrip for more comfort and easier control
- Built-in laser for easier precision cutting
- Safety lock
- Dust extraction
- High-quality 40-tooth TCT saw blade

Other product advantages

- Vibration Control auxiliary handle with softgrip for more comfort and easier control
- Built-in laser for easier precision cutting
- Safety lock
- Dust extraction
- High-quality 40-tooth TCT saw blade

Comes complete with

- Clamp
- Hexagon socket spanner
- Dust bag
- Extension

Part number: 0603B08040

EAN code: 3165140593168

Mitre Saw

PCM 1800 SD

Technical data

Power input: 1.800 W

No-load speed: 4.800 rpm

Circular saw blade rated diameter: 254 mm

Circular saw blade bore size: 25,4 mm

Cutting capacity at 0°/0°: 80 x 335 mm

Cutting capacity at 45°/0°: 80 x 230 mm

Machine weight: 21 kg

Functions

Power input

1800 watts

Laser cutting line

Perfect aid for straight and precise cuts

Spindle lock

Easy disc changes due to spindle locking at the push of a button

Cable length 2.5 m

More flexibility

Softgrip

Low-fatigue working, safe handling

Dustproof ball bearing

Medical Gears Helical gears

Functions

Softgrip

Laser guide
