

**Discover the power of  
Bosch. Just add you.**

Look out for the Bosch pressure washer campaign which will feature on TV screens throughout the UK this spring!

#### Bosch Pressure Washer Range

All Bosch pressure washers are designed to ensure ease of use. Thanks to their quick-connect fitting they are ready to use straight out of the box, with minimal set up required, so you can be up and running in no time. They also come with a range of accessories making them the ideal tool to cater for all of your cleaning needs. To name just a few, the AQT 33-11, the smallest and lightest product in the range, is perfect for smaller cleaning tasks such as cleaning bikes, windows and garden furniture. Its lightweight and compact design make it easy to manoeuvre and store away. The AQT 37-13 however, featured in the TV campaign itself, is a more powerful option for a range of daily cleaning tasks. It is powerful and efficient, ideal for cleaning cars, patios, guttering and garden furniture. And finally, the top of the range is the AQT 45-14 X which is extremely robust and is the specialist at removing more challenging dirt and grime, the perfect partner for larger and tougher cleaning tasks.
