

Get your home ready for the festive season!

Have you been putting off the laborious sanding jobs from last year, because the manual labour involved is both painful and time-consuming? Bosch DIY has created the ultimate power tool to make sanding a breeze and start your New Year's DIY tasks in style.

Versatile usage due to Innovative Bosch accessories with the new Starlock interfaceFast and comfortable accessory change due to the new MagnetHold-SystemBosch Electronic with continuously variable speed pre-selection of the oscillation rate for material-specific work

With all the family coming round and the festive season looming, all eyes will be on your home, and those DIY jobs you have been avoiding all year have suddenly developed a heightened sense of urgency. Why not get ahead now and get your house ready for the festive season, so you can sit back proudly and enjoy the celebrations.

The PMF 220 CE multi-function tool is the perfect addition to your toolbox, allowing you to sand, polish and cut with precision and ease. So get your home ready for Christmas and sand your wooden dining table to get a smooth finish, or get with the trend and upcycle your furniture to get that guest bedroom ready. Re-grout your tiles to give your bathroom that fresh feel, or get creative and hand make your presents! The possibilities with this tool are endless.

With the new Starlock interface system, the PMF 220 CE multi-function tool is faster than ever before, allowing you to change accessories with ease in just under 4 seconds, saving you time and effort.

Create your perfect home for Christmas with the Bosch PMF 220 CE Multi-Functional tool.
